BURNT HIGH TENSION CABLE BESIDE VICE- CHANCELLOR'S LODGE

This is to inform members of the university community that a section of the 11KV underground cable beside the Vice-Chancellor's Lodge transformer substation is burnt.

The damage affects electricity supply to Pepple, Batuta, Ijeoma, Sankore, Parry, Benue, Laird, Kurumi, Elliot, Awba Dam, Wadie Martins, Imo, Gongola, and Sokoto areas of the campus among others.

Steps are already being taken to effect repair.

All inconveniences are regretted.

Thank you.
