UNAUTHORIZED HUNTING WITHIN THE UNIVERSITY COMMUNITY

It has come to the attention of the University Management that there have been instances of unauthorized hunting activities within the University community which is against the rules and regulations of the University of Ibadan.

It is hereby reiterated that engaging in unauthorized hunting within the University premises is strictly prohibited and constitutes a violation of university regulations. The University is committed to preserving its natural environment and ensuring the safety of all its members, including the flora and fauna within its vicinity.

Any individual found engaging in unauthorized hunting will face severe disciplinary actions under the University's rules and regulations. Disciplinary measures may include but are not limited to suspension, termination of employment, or legal action as deemed appropriate.

We urge all members of the University community to uphold the principles of environmental conservation and respect the rules and regulations governing our institution. If you observe any instances of unauthorized hunting or have any information regarding such activities, please report them immediately to the appropriate authorities.

Let us work together to ensure the preservation of our natural resources and maintain a safe and harmonious environment within the University of Ibadan community.

Thank you for your cooperation.
