Special Release

08 April, 2024

### TO WHOM IT MAY CONCERN

Members of the University community are enjoined to note this message from the Office of the Accountant General of the Federation:

"The Office of the Accountant General of the Federation (IPPIS Department) wishes to disassociate itself and notify all concerned that the error of double credit of March 2024 salaries recently witnessed by workers who have their salary accounts with United Bank for Africa (UBA) plc did not emanate from the office. Our investigations revealed that the error was purely that of the bank - UBA plc. While we await a full report from the Bank, management urges affected staff to cooperate with the Bank in its recovery efforts.

Signed: Management"

Thank you.
