COUNCIL DECISIONS

RE: SCHEDULE OF LEVIES FOR NEWLY ADMITTED AND RETURNING UNDERGRADUATE STUDENTS IN THE 2023/2024 ACADEMIC SESSION

This is to inform all students that the Governing Council, at its meeting of Thursday, 29 August 2024, considered the reviewed schedule of levies for Newly Admitted and Returning Undergraduate Students in the 2023/2024 Academic Session and approved as recommended by the Senate of the University.

Consequently, students who are yet to pay and complete their registration exercises are advised to do so, on or before **Wednesday, 04 September 2024**, to enable departments download lists of registered students, in preparation for the First Semester Examination.

Council, while sympathising with students, however, noted that the review was necessary, in view of the current economic realities and the university's commitment to ensuring quality teaching and research.

Council equally directed that students be encouraged to take advantage of the students' loan fund (**NELFUND**) and sundry scholarships instituted by the University and other well-meaning philanthropists, to cater for indigent students.

Above is for strict adherence as the portal will not be opened after the deadline.

Thank you.

G.O. Saliu, *fspsp*, MANUPA, MNIM, MAUA
Registrar and Secretary to Council
