Special Release

08 October, 2024

ADMISSION PROCESS FOR BIOLOGICAL CHILDREN OF STAFF

The College/Faculty Admission Committee meetings, where cut-off points were determined, have been concluded.

Members of staff in the various Faculties/Departments/Units are hereby informed that the forms for Biological Children are now available for collection in the Admissions Office. This is specifically for members of staff whose children's admission may be processed through the Biological Children status as decided by Senate.

Please note that it is a disciplinary case for a staff member to present any ward/relative as a biological child. Caution should, therefore, be exercised by Heads of Departments/Units in endorsing the forms.

In filling out the forms, staff should note that any candidate with a score below 50 in the post UTME is not qualified for consideration.

The deadline for the submission of the duly filled forms and other relevant documents for this category of admission at the Admissions Office (Undergraduate) is Monday, 14 October 2024.

Kindly note that there will be no extension of the deadline for submission.

Thank you.

G. O. Saliu, *fspsp, FCIML, MANUPA, MNIM, MAUA*
Registrar and Secretary to Senate
