Special Release

04 May, 2023

THOMAS-BASSIR BIOMEDICAL FOUNDATION

Research Grant for Students and Scholars

This grant mechanism is aimed at supporting research projects that can be carried out in a period of two years.

Eligibility of applicants

An applicant must be a researcher (full-time or part-time) of a Nigerian University or Research Institute. This means, a M.Sc., a tenured staff at, or above, the level of Lecturer, or equivalent. The Foundation can also consider applications from former members of academic staff of similar level who have retired from established posts in Nigeria, but are still working under the aegis of a Nigeria University or Research Institute.

If the applicant is not an established researcher, an application will be accepted only if the applicant is working under the aegis of a Nigerian University or Research Institute. Such applicants must present with their application a letter of support from the Head of Department of the supervising academic staff of the University concerned.

Deadline

The dead line for applications are as follows: June 1 – July 30 for the year 2023

Grants Requirements

1. Applications should be submitted electronically as a in a single file Word attachment to the Foundation email-address. Demographic details of the applicant(s) and the institutional affiliation should be provided. A proposal for the project should be included and this must not be more than 1,500 words.
2. Letter of intent/Application letter
3. Ethical form of approval
4. Letter from Head of Department and the supervisor

Note: 7 hard copies of applications must be deposited at the TBBF office in UI or posted to TBBF, P. O. Box 20861, UI Post-Office Ibadan.

5. The Foundation reserves the right to consult external referees about the merits of an application. All references will remain confidential between the referee and the Foundation, and will not be disclosed to the applicant without the referee's written consent. Applicants are responsible for ensuring that their referees are willing to act.
6. Applicants are informed by letter of the outcome of their application. The Foundation will not enter into correspondence concerning the decisions of the Executive Committee. A grant made to one individual for a specific purpose cannot be transferred to another individual or be used for a different purpose.
7. The Executive Committee of the Foundation will not consider more than three applications from the same individual over a period of five academic years.
8. A progress report is required during the course of the research, this to be submitted to the Foundation's email-address with photographs.
