Special Release

31 August, 2022

UPDATING OF COVID-19 VACCINATION CARDS

It has been observed that the Vaccination Cards of a number of persons read “Incomplete or Partial Vaccination” when examined at the airports even though the required vaccinations were completed. Thankfully, all those who called from the airport had the corrections effected online and resent to them. So far, no one has missed a journey on account of this.

In order to ensure that the status reflected on the card is correct, individuals are hereby advised to check their cards by taking pictures of the card with a smartphone and click on the link that appears. Persons whose cards show “Incomplete or Partial Vaccination” **wrongly** are to send the following pictures by WhatsApp to 08034262729 (Mr. Moradeyo) for correction:

1. Front page
2. Inner pages
3. Back page
4. The white sticker on the lower right corner of the card in front as a full picture

Thank you.

Olubunmi O. Faluyi, MCIPM
