UNIVERSITY REMEDIAL PROGRAMME

POST UTME COACHING CLASSES

An outstanding score in the Unified Tertiary Matriculation Examination (UTME) is good but it is far from being sufficient for admission to the University of Ibadan or into any of the Universities of preference in Nigeria. A major hurdle to cross is the highly competitive post UTME examinations. The University Remedial Programme has designed a two-month intervention coaching programme to assist prospective candidates, especially those living within the city of Ibadan. It is necessary to stress however, that the programme does not by itself guarantee admission to the University of Ibadan. Candidates for post UTME examinations in other universities can also take advantage of the coaching classes.
