Special Release

17 August, 2016

AD-HOC COMMITTEE ON ENERGY POLICY FOR THE UNIVERSITY OF IBADAN

The above-named Committee was constituted and inaugurated by the Vice Chancellor, Professor Abel Idowu Olayinka, *FAS*, on Tuesday, 15 December, 2015 to develop an Energy Policy that will guide the effective and efficient operation, management, administration, purchase, installation and utilisation of energy and energy devices on Campus of the University of Ibadan.

In order to achieve its Term of Reference, the Ad-Hoc Committee intends to undertake a university-wide energy data collection **from Sunday, 21 to Sunday, 28 August, 2016** towards the development of an evidence-based and realistic energy policy for the University.

The Committee hereby solicits the maximum cooperation of all members of the University community with the **Energy Auditors** who will be visiting Faculties, Departments, Centres, Units, Offices, Halls of Residence and Residential Quarters during the period of the exercise.

Thank you.

O. I. Olukoya, MNIM, FPA
