Special Release

06 September, 2017

NOTICE TO CANDIDATES WHO CHANGED COURSES/INSTITUTION TO UI

This is to inform candidates who either changed courses or Institution to University of Ibadan on the JAMB website that the print out of the change is yet to be forwarded to the University. Candidates in this category may therefore not find their names on the University website or where they find it, the change might not have been effected in the ongoing login exercise.

A new print out is being expected from JAMB. Affected candidates are therefore advised to exercise patience until the University receives the print out, and candidates' details are placed on the website.

Thank you.
