Special Release

05 March, 2026

Delay in Payment of February 2026 Salary

University Management warmly greets all members of staff and sincerely appreciates your continued dedication and commitment to the service of the University.

Management wishes to inform staff that the payment of salaries for **February 2026** has been delayed due to circumstances beyond the control of the University. As staff are aware, salaries are processed through the Federal Government's **Government Integrated Financial Management Information System (GIFMIS)** following the release of funds through the preparation and finalisation of the required payment warrant by the Office of the Accountant-General of the Federation.

As of today, **05 March 2026**, the Office of the Accountant-General of the Federation is yet to finalise the warrant required for the release of funds for the payment of February 2026 salaries to tertiary institutions, including the University of Ibadan.

The University has remained in constant communication with the relevant authorities in the OAGF regarding this matter. Management wishes to assure all staff that the **University is actively engaging with the OAGF and will process salary payments promptly upon the release and receipt of funds on the GIFMIS platform.**

Management understands the importance of timely salary payments and sincerely appreciates the patience, understanding, and cooperation of staff while this process is being concluded.

Thank you.

Management
