Special Release

03 April, 2026

### **Delay in Payment of March 2026 Salary**

University Management warmly greets all members of staff and sincerely appreciates your continued dedication and commitment to the service of the University.

Management regrets to inform staff that the payment of salaries for **March 2026** has been delayed due to technical challenges encountered on the **Government Integrated Financial Management Information System (GIFMIS) platform** under the Office of the Accountant-General of the Federation (OAGF).

While the necessary warrant for the release of funds was received late on **Thursday, 02 April 2026**, the University promptly commenced the processing of salary payments. However, at the final stage of the process, technical constraints on the GIFMIS platform prevented the completion of the payment. We understand that this situation is not peculiar to the University alone, as similar challenges are currently being experienced across federal tertiary institutions **on GIFMIS platform**.

The University has remained in close engagement with the relevant authorities to ensure that the issue is resolved as quickly as possible. Management wishes to assure all staff that payment will be effected promptly **once the GIFMIS platform is fully restored and processing is successfully completed**.

Management is mindful of the inconvenience this delay may cause, particularly at this time, and **deeply appreciates the patience, understanding, and cooperation of all staff**.

Thank you.

**University Management**
